

CARTAS TOPOGRÁFICAS:
M VIII-B4; MVIII-D2

The map displays the Catamahi watershed, which is the area from which water flows into the Catamahi River. The watershed is outlined in red and filled with diagonal hatching. The Catamahi River is shown as a red line flowing from the watershed towards the bottom left. The map also shows the Rio Chira, a larger river flowing from the bottom right towards the top right. Other features include contour lines indicating elevation, and labels for 'Quebrada La Lima' and 'Quebrada Yegua Baya'. The map is bounded by coordinates 584000 to 589000 and 9519000 to 9522000.
